

New funding available!

Accelerate your degree in Early Childhood Education (ECE) with New Hampshire's community colleges!

**New Hampshire needs professionals with
the skills to teach and mentor our children.**

The Community College System of NH (CCSNH) has the resources, expertise and passion to support students completing certificate and degree programs, empowering them through inclusive, engaging, and inspirational courses paired with real world learning opportunities. Completing your ECE program through CCSNH will equip you to intentionally foster the growth of joy and knowledge in the lives of children.

- Learn from experienced, highly skilled faculty and mentors.
- Gain real-life ECE classroom experience.
- Convenient course options include on campus, on-line and hybrid.
- Easily access grant funds to complete your degree at little to no cost.

**Advisors can help you learn how to
accelerate your coursework, leading
to quicker certificate or degree
completion. Applications are required
for most of these programs.**

Types of Assistance

Early Childhood Tuition Assistance (ECTA) provides tuition awards for one course per term while the individual is working in a NH licensed preschool program.

Granite Steps for Quality Tuition Assistance (GSQ) provides tuition awards for ECE courses for students working as preschool teachers, out-of-school-time workers or elementary school paraprofessionals.

CCSNH ECE Scholarships (ECE GAP) can be provided to assist with ECE and General Education course costs for individuals enrolled in one of our ECE certificates or degree programs. These scholarships can be paired with our other tuition assistance programs resulting in little to no cost for your ECE education.

"There is no greater joy than working with young children. This funding makes it possible to enter the profession without the barrier of cost, leading to a career of great personal fulfillment."

—Diana Menard,
CCSNH ECE Educator
